

# REPEATER SYRINGES

## 25MR2 (Adjustable dosage from .5ml to 2.5ml)

Product Code: 25MR2

## 50MR2 (Adjustable dosage from 1ml to 5ml)

Product Code: 50MR2

- Accurately delivers selected dose
- Easy-grip for high volume use
- Barrel and needle attachment are fully autoclavable
- Streamlined design with fewer replacement parts
- Amber-colored barrel reduces UV sunlight exposure
- ColorKnobPack available to differentiate between medications

### SPECIAL FEATURE

#### Color Code Injection Accuracy System

Interchangeable colored knobs let you dedicate a particular syringe to a selected vaccine or therapeutic compound to ensure proper administration and avoid mistakes.

(Must be ordered separately)
