

DRAW-OFF INJECTION SYRINGES

10VM (Adjustable dosage from .5ml to 10ml)

Product Code: 10VM

20VM (Adjustable dosage from 1ml to 20ml)

Product Code: 20VM

- Automatic self-filling tube feed
- Designed to be used as an injector or drencher
- Accurately delivers selected dose
- Easy V-grip for high volume use
- Easy to adjust handle tension for improved performance
- Durable metal and plastic design
- Double O-ring piston
- Easy-to-clean external valves and removable piston shaft
- Amber-colored barrel and tubing reduce UV sunlight exposure
