

FortiCool A UR | FortiCool D

PREVENTION IS PROTECTION

FortiCool A UR prevents buildup of inanimate organic materials.
FortiCool D removes and prevents additional buildup of mineral scale.

WHY CHOOSE FORTICOOL PRODUCTS

- Continuous 24/7 protection
- Improve cooling efficiency and pad life
- Simple application
- Will not damage cell pads
- For optimal performance, replace every 30 days

Unique polymer technology designed to slowly release algae and scale fighting ingredients for continuous protection.

Evaporative cooling systems create an environment that supports buildup of mineral scale and algae growth.

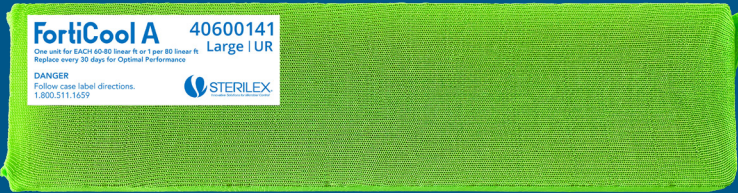

**SPECIFICALLY DESIGNED TO
REDUCE LABOR AND PROVIDE
CONTINUOUS PROTECTION.**

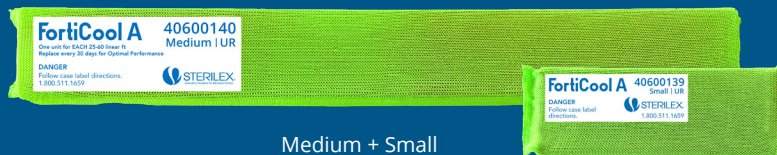

Save time and optimize the efficiency
of your cool cells.

FortiCool A UR

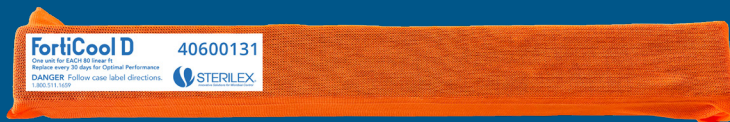

Large

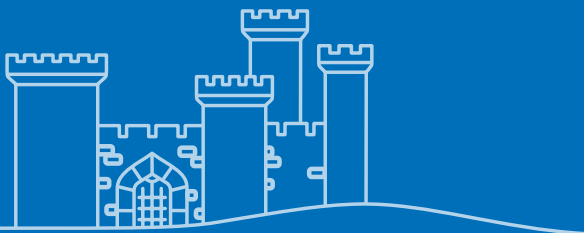

Medium + Small

FortiCool D

USE SITES

- Poultry Houses
- Hatchery Cooling Units
- Sow Units
- Wean-to-finish Barns

SIMPLE APPLICATION
LOW MAINTENANCE.
REDUCED LABOR.

Apply FortiCool A UR + D
together in the same basin
or individually based on
your needs.
